# Agenda

- SIMCO Overview
- CERDAAC Overview
- CERDAAC Demo
- Q&A

Presenter:

# SIMCO Fast Facts

60

## **Years of service**

*(Founded as calibration lab serving NASA)*

3,000

## **Manufacturing customers**

*(Most in highly regulated industries)*

10  
of Top 10

## **U.S. Biomedical manufacturers**

*(16 of top 20 globally)*

9  
of Top 10

## **U.S. Aero & Defense contractors**

*(14 of top 20 globally)*

350

## **Employees**

*(Experts in Lean 6σ operations)*

25

## **Locations**

*(Headquartered in Silicon Valley)*

## Asset Management Suite for Highly Regulated Manufacturers

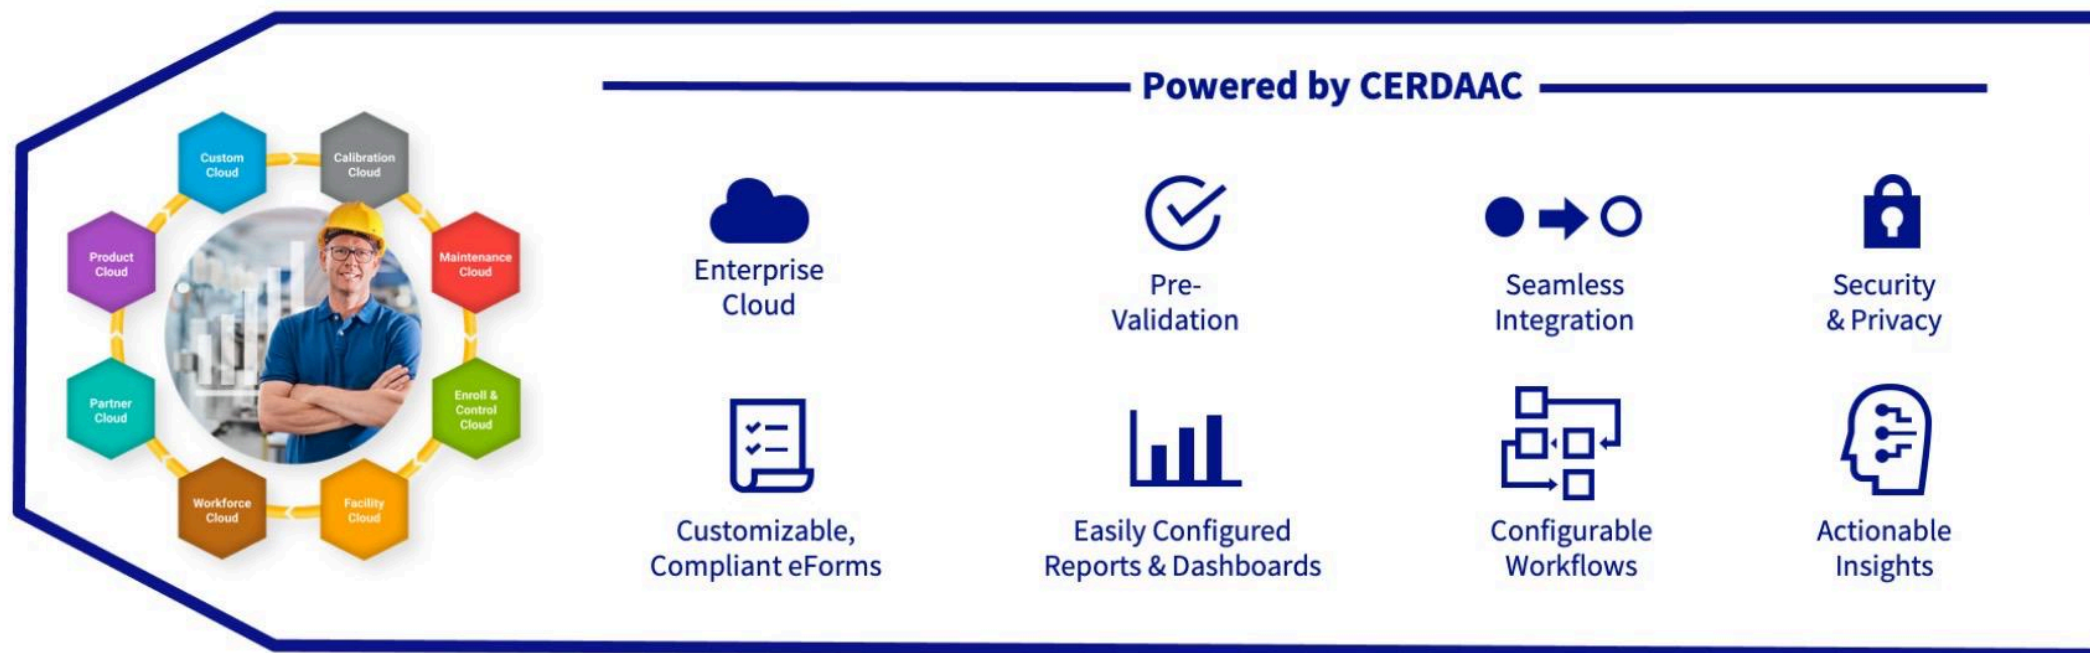

Unified suite of modular solutions that combine the capabilities of a CMMS + EAM

- **Calibration Cloud:** schedule and manage calibration services of critical assets
- **Maintenance Cloud:** schedule & manage maintenance to reduce downtime & increase availability of equipment along with parts inventory
- **Enroll & Control Cloud:** ensure assets are properly enrolled and managed throughout the lifecycle of asset
- **Facility Cloud:** digitize, optimize and standardize your facilities
- **Workforce Cloud:** ensure workforce readiness, safety and compliance
- **Partner Cloud:** ensure partner compliance and reduce risk
- **Product Traceability Cloud:** equipment and product traceability

Powered by a secure, scalable, extensible platform:

# Our Customers

650+ Life Sciences Customer Rely on CERDAAC for Asset Management

**SIEMENS**

**stryker<sup>®</sup>**

**Abbott**

**TERUMO**

**STAAR<sup>™</sup>  
SURGICAL**

**Myriad  
genetics**
